

Deputy Sheriffs' Association of Pennsylvania

Message From The President

To all Deputies and Members,

Hopefully all of you had a joyous and safe holiday season. With the New Year comes the hope of rebirth and renewed optimism of what we can accomplish in the months ahead. The hope of the executive Board is to do all that is possible to ensure that this organization will prosper and flourish. This organization will be looking to **YOU**, its most important asset to help with that vision. We all have the same vision as the founders did back in 1975. To ensure that the time honored law enforcement profession of Deputy Sheriff has a strong foundation and does everything possible to help all Deputies in this Commonwealth.

Our organization needs each and every county and all Deputies to be **active** members and have an active interest in their future. Get involved and make this organization strong. Together we all can have the same goal to ensure that all Deputies in this Commonwealth are the best that we can be.

Our organization is looking forward to continue our already strong relationship with the Pennsylvania Sheriffs' Association. This executive board has graciously been invited to attend the Mid-Winter Conference of the Pennsylvania Sheriffs' Association at State College at the end of February. This will allow both of our organization to come together and focus on all of our goals.

In 2014 the annual conference was held in Washington County and was a great success. This year the annual conference will be in Philadelphia in October, and we will be celebrating our organization's 40th anniversary. Please plan to attend. Please check our outstanding website www.dsap.org if you have anything happening in our county or that needs to be addressed and would be of interest to others. Be Safe.

Fraternally,

Michael E. Mohn, President

Deputy Sheriffs' Association of Pennsylvania
